1. TWIN LIGHTS OPEN HOUSE 7PM TONIGHT, August 18, during Middletown Historical Society's annual excursion to Twin Lights...."The South Tower is open for climbing for a rare night view of the lit North Tower and the surrounding area. We'll have an advance look of some of the exhibits in the museum's new display, while Mark Stewart will give a slide show on same. The award-winning film shown a few years ago will also be screened. I'll give it the ultimate compliment for a film - worth another viewing and certainly deserving of its award. The meeting time is 7:30 but come early and enjoy the grounds the the display of the Fresnel lens in the power station building.Refreshments are served. Feel free to bring a guest". Randy Gabrielan (OHA member, historian & author).
